

Timmy Awards Names MSC Software Best Tech Work Culture 2017

[MSC Software](#) has been recognized as the **Best Tech Work Culture** in Orange County (California) by Tech in Motion. Tech in Motion hosted their annual TIMMY awards which recognizes the best technology employers in North America. The awards are given in 11 tech cities/areas including San Francisco, Silicon Valley, Los Angeles, Boston, and New York.

The tech community and an expert panel chose MSC from a field of more than 130 nominees to join a list of notable North American winners such as GoPro, Acorns, and Technossus. Criteria included promoting technical creativity, nurturing innovation, and encouraging learning.

“For a technology company, there is nothing more important than sustaining a culture of innovation”, said Dominic Gallelo, President & CEO of MSC Software. “As one of the 10 original software companies with a 54-year history, we are very proud of this terrific accomplishment.”
